13:50-14:10	<i>Break</i>
14:10-15:00	Session "Role of gene regulation in adaptation" Short Talks by GenEvo PhD students, Chair: Tom Hankeln
15:00-15:10	<i>Break</i>
15:10-15:50	Session "Gene regulation in reproduction and development" Short Talks by GenEvo PhD students, Chair: Joan Barau
15:50-16:00	<i>Break</i>
16:00-16:30	Session "Epigenetic regulation of social life" Short Talks by GenEvo PhD students, Chair: Romain Libbrecht
16:30-17:00	<i>Break</i>
17:00-17:45	Talk by Cedric Feschotte (Cornell University, Ithaca NY, USA) "Transposable Elements as Catalysts of Regulatory Evolution", Chair: Julian König
17:45-18:00	Final Remarks by René Ketting

Mid-term Event - GRK 2526/1

04-06 May 2021

Thursday, 06 May 2021

13:00-13:05	Welcome by Susanne Foitzik
13:05-13:45	Talk by Mercator Fellow Franjo Weissing (University of Groningen, Netherlands) "The evolution of adaptive response strategies", Chair: Susanne Foitzik
13:45-14:00	<i>Break</i>
14:00-14:40	Talk by Advisory Board Member John Parsch (LMU Munich, Germany) "Gene regulatory variation in natural populations of <i>Drosophila melanogaster</i> ", Chair: René Ketting
14:40-14:55	<i>Break</i>
14:55-15:35	Talk by Advisory Board Member Patricia Wittkopp (University of Michigan, USA) "Genomic sources of regulatory variation", Chair: Joachim Burger
15:35-15:50	<i>Break</i>
15:50-16:50	Internal event: Discussion Rounds (Focus: Advisory Board - PIs)
16:50-17:00	<i>Break</i>
17:00-18:00	Internal event: Discussion Rounds (Focus: Advisory Board – PhD students)
19:00	<i>Internal event: Get together (online)</i>
